

GIORGETTI Houdini series & Places to Live

Discover Houdini

"The aim was to create a cabinet that would have a fluid place in the house. It is a piece that escapes all classification and celebrates the brand's ability to transport its cabinet-making expertise into the contemporary world. The exterior is composed by wood inlays, one of the most classic and traditional elements." _Roberto Lazzeroni, designer

Schiatti Agency is glad to present a new catalogue:

by

GIORGETTI

The new "Places to Live" catalogue by Giorgetti intends to be a **glocal** experience, where Giorgetti items are emotionally placed in their local ambience: collections and places become bound tight.

The first volume of Places to Live is set in designful Milan, quite near to the cradle of Giorgetti birthplace in Brianza area. Pictures, moodboards and sketches by the Company's art director Giancarlo Bosio recall the contents of the "Object to Project" previously launched on occasion of Giorgetti's 120th anniversary.
